Sam Steel Road at NMSU Las Cruces

Sam Steel Road at New Mexico State University in Las Cruces, NM - The New Mexico Department of Transportation (NMDOT) has completed an engineering study for Sam Steel Road and has made a recommendation to reduce the speed limit to 35 MPH.

This study was performed with the assistance and support of New Mexico State University. The posting will be in effective on January 7, 2008, and will begin from the intersection of Union Avenue to Research Drive (soon to be Payne Street).

Traffic updates regarding road and weather advisory will be posted on the NMDOT web site at www.nmroads.com.

For further information, please contact Stephen Lopez at (575) 646-3311 of NMSU or Bridget M. Spedalieri, PIO of NMDOT for District One at (575) 525-7340.
